WE QUOTE THE LANGUAGE used by those who have been cured by this valuable medicine. One says, "I have suffered beyond my power of description, but now I rejoice in being tully restored to health and happiness." Another says, "I thank God I feel that I am a well man. I also feel it my duty to proclaim it to the ends of the earth, that those similarly afflicted may find relief. Another, (who is an EMINENT LAWYER, and well known in this city.) says, "My son has been afflicted for years with Epilepsy, but is now enjoying good health from the Vegetable Ex tract. Its fame," says he, "should and ought to be sounded to the ends of the earth." Another says. It will not be expected of us, in cases of so delicate nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of case have been reported tous.

Dr. Townsend: My wife being greatly distressed

by weakness and general debility, and suffering con-tinually by pain and with other difficulties, and havtinually by pain and with other difficulties, and having known cases where your medicine has effected great cures; and also hearing it recommended for such cases as I have described. I obtained a bottle of your Extract of Sarsaparilla and followed the directions you gave me. In a short period it removed her complaints and restored her to health. Being grateful for Maiden Lane, New York. Sold wholesale and replaints and restored her to health. TO MOTHERS AND MARRIED LADIES This Extract of Sarsaparilla has been expressly repared in reference to female complaints. No fe

male who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be de-layed for several years by using this emedicine. Nor is it less valuable for those who are approaching womanhood, it is calculated to assist nature by quick-ening the blood and invigorating the system. Indeed this medecine is invaluable for all the diseases to

which women are subject. It braces the whole system, renews permenently the intural energies-by removing the impurities of the ody-not so far stimulating the system as to pro-fuce a subsequent relaxation, which is the case of most medicines taken for female weakness and dis-

New York, July, 22, 1846. Dr. Townsend-Dear Sir: My wife has been af-flicted with a terrible rapture for over fifteen years' the greater part of the time. She has been troubled with shortness of breath & great fluttering of the heat, which has been very distressing, and has frequently been utuable to leave her bed. The rupture was very large and severe. She tried almost every remedy for such cases with but little benefit. When she had taken but three bottles of your excellent medicine she was entirely relieved of the disease of the heart, and the rupture has almost entirely disappeared.

She has also had the dropsy, and was very much swollen. We had no idea that she could be so benefited, as she had such a complication, of diseases. But it has, as strange as it may appear, relieved her of the dropsy. I am aware that this statement is so strange as to appear almost like fiction, but it is sober reality. Your Sarsaparilla is certainly a valuable medicine, and should be used by every one that a suffering as we have been. It any disbelieve this account, they are at liberty to call at my house and have ocular demonstration. Yours, respectfully, WILLIAM TOWSER, 1 James st.
